

DESCRIPTION

Cyndet is a yellow liquid deodorizer, cleaner and disinfectant that cleans all hard surfaces not adversely affected by water. *Cyndet* is formulated with nonionic detergents, is safe for use on metals and can be diluted in warm or cold water. *Cyndet* leaves a pleasant fragrance after killing odour-causing bacteria.

Cyndet is excellent for use in hospitals, schools and in all other commercial or industrial buildings. It cleans all types of soiled areas and contains a potent quaternary germicide that is effective on all hard, non-porous surfaces including floors, walls, porcelain, ceramic tiles, terrazzo and fixtures.

SPECIAL INFORMATION

Canadian DIN#: 00561290

Guarantee

n-alkyl (50% C₁₄, 40% C₁₂, 10% C₁₆) dimethyl benzyl ammonium chloride 1.44%

Cyndet is a Canadian Food Inspection Agency (CFIA) approved product for use in registered food processing plants. Surfaces in direct food contact must be rinsed with potable water. *Cyndet* is also Kosher approved.

DIRECTIONS

Scrubbing or damp mopping surface of floor finishes:

Use 6 ml of *Cyndet* per litre of cold or lukewarm water (0.8 oz/gallon) (1:170).

For heavily soiled floors:

Use 12 ml of *Cyndet* per litre of water (12 ml/liter) (1:85).

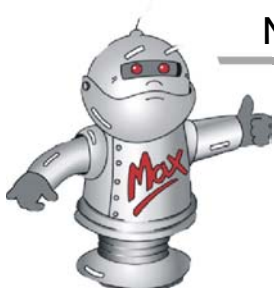

For cleaning walls, fixtures, washrooms:

Use 30 ml of *Cyndet* per litre of water (4 oz/gallon) (1:32).

For disinfection of walls, fixtures and washrooms:

30 mL of *Cyndet* per litre of water makes an effective bacterial killing solution. Allow surface to remain wet for 10 minutes, then remove excess liquid. Prepare a fresh solution for each use. At this dilution *Cyndet* is a registered disinfectant.

Do not use on fabrics.
