DESCRIPTION

Max Laundry Detergent is a phosphate-free liquid detergent with a fresh scent for all types of laundry fabrics: cotton, wool, synthetics and blends. This quick-dispersing and environmentally sound formulation is very effective at warm and hot water temperatures.

Max Laundry Detergent optical brighteners assure whiter whites and brighter colours with special wetting agents to break the chemical bond between oily stains and polyester fibres for even cleaner results. These features make **Max Laundry Detergent** the detergent of choice for better results at more economical concentrations.
