Product Information

OXYGENIC was developed by our chemists to combine the power of peroxide with biodegradable emulsifying detergents to provide fantastic cleaning and deodorizing results. All commercial, institutional and hospitality markets will benefit from this exceptional product.

OXYGENIC has EcoLogo^M Certification (certified by ECP, an Environment Canada Program) which guarantees you are using one of the most environmentally responsible cleaners and deodorizers available today. Oxygenic is also BC Kosher certified and CFIA approved for hard surface cleaning.

OXYGENIC uses the proven power of peroxide to brighten and deodorize a variety of surfaces. Its unique blend of detergents penetrates and emulsifies grease, grime and dirt.

OXYGENIC is extremely economical in use.

Daily damp mop cleaning: Use ½-1 oz. per US gallon of cold water (4-8 ml/litre) (1:128-1:256) Note: BacStop mops are not recommended for use with this product.

General cleaning and deodorizing: Use 2 oz. per US gallon of cold water (16 ml/litre) (1:64)
